Bring some power
to your business!

LEXMARKTM

Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their turnover on printing, and that active print management can cut office print costs by up to 30%¹, it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

Rapid and reliable laser printing is essential for any office, whether it's for an individual desktop user or to be shared in a small-workgroup environment. The Lexmark E360d offers you the added boost in performance and versatility you need, with high-speed printing as fast as 38 pages per minute, plus a flexible range of features and options geared to your unique needs.

The little printer with big ambitions!

Looking for significant results without the significant price tag? The Lexmark E360 is the perfect team player for your business, delivering outstanding quality, fast print speeds and reliable, hassle-free operation.

- High-speed printing up to 38 ppm
- First page out as fast as 6.5 seconds thanks to the instant warm-up fuser
- Intuitive 2-line LCD display
- True 1200 x 1200 dpi print quality

Flexible and versatile

Use the multiple input sources to print on various media types. And choose from an attractive range of options to configure your printer to your specific needs, including versatile paper handling and expanded memory for printing graphics-intensive documents.

- 50-sheet multipurpose feeder
- Optional paper drawers to boost input capacity
- Expandable memory up to 288MB
- Network-ready model for easy workgroup sharing

A robust and reliable partner

Built for the long haul, the Lexmark E360 takes your workload seriously and provides you with confidence-boosting dependability. Robust and fully reliable, it keeps you running smoothly and maximises your uptime!

- Strong, sturdy design that's built to last
- Smooth, reliable paper feed to stay productive
- Maximum monthly duty cycle of up to 80,000 pages
- Backed by a comprehensive guarantee

Prints black, thinks green

Printing responsibly means everyone wins – your business, your budget and the environment! The Lexmark E360 is designed with eco-conscious features to help you reduce paper and save energy.

- Paper-saving duplex printing standard
- Eco-Mode reduces power consumption
- Instant warm-up fuser saves energy
- Lexmark Cartridge Return Programme for easy recycling

Lexmark's guarantee to you

At Lexmark, we are always working hard to ensure you achieve maximum productivity and minimum downtime. Our E360d includes our service guarantee of One-year Return to Base. For an even greater level of peace of mind, you can opt for one of our enhanced Onsite service offerings. For more information on these offerings, just contact your local dealer or visit us today at www.lexmark.com/services.

Lexmark E360 Series

Accelerated performance for demanding small workgroups

Small in size, BIG on performance!

Convenient multi-purpose feeder

Print on different paper types, like envelopes, card stock or transparencies, without having to reload the drawer.

Simplified use

The intuitive 2-line operator panel guides you through printing and maintenance tasks with ease.

Expandable input

Add an extra input drawer to load a second paper type, or to boost your total input capacity to 850 sheets.

Extra power

With up to 288MB of memory and a 400 MHz processor, complex print jobs are delivered quickly.

Get exactly the performance you need

Environmental commitment

Lexmark believes that the environment is a critical component of responsible business management and clearly demonstrates it by implementing the "4R" strategy: Reduce, Recover, Reuse and Recycle. To learn more about these programmes please visit www.lexmark.com/recycle

Cost saving and environmental features

- Energy Star compliant
- Duplex printing, print and hold (verify print), multi-up printing and quality printing on recycled paper help reducing paper consumption
- Selectable toner saving modes help reducing the amount of toner used on a page.
- Return programme cartridges and end-of-life product management help reducing landfill

Maximum Monthly Duty Cycle

"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPS.

Recommended Monthly Page Volume

"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
