

# TBITS-5 Keyboard

This keyboard conforms to the Canadian Government's Treasury Board (TBITS-5) CSA-92 standard. The keyboard enables the user to work in code page 850 or 863. The primary difference between the TBITS-5 keyboard and other keyboards is that all words on the keyboard have been replaced with symbols that are universal to both French and English users alike.

## Specifications

|                        |  |
